Greyhound is making every effort to stretch its seats to
hold all the travelers who want to take trips on week-
ends—but you can help us ease the congestion. First of
all, don't do unnecessary traveling just now—when the
bus is full, you go on a mid-week day if possible. That's
the way to make each bus seat work full time. You'll save
seat-space for men in uniform (there's a reduced rate for
them now) and for war workers on week-ends—often
the only time they can travel. Get information and tickets
well in advance, too—and avoid delay at departure time.
And by all means buy War Stamps and Bonds with the
money you save on Greyhound trips!

as of before July 10th.

Q. How are charges thereafter pay-
able?

Answer: Purchases thereafter are
due on or before the 10th day of
the second month following the
month of purchase. For instance,
payment of purchases made in June
is due on or before August 10th.

Q. What happens if my account is
not paid when due?

Answer: No more purchases can be
charged until such time as the ac-
count is paid in full or arrangements
made to convert it into installment
credit.

Q. What do you mean by installment
credit?

Answer: If you have a charge ac-
count which you wish converted into
installment credit you are allowed
six months in which to pay in six
equal monthly payments; minimum
monthly payment \$5.00. No down

Q. Does this new regulation effect

To All Who Enjoy Charge Account Privileges in Appomattox

**What the New Credit Regulations Issued by The Government
Mean to You**

If you are in the habit of paying your charge account in full promptly
upon receipt of your monthly statement, the new regulations will not
apply to you. You can continue to enjoy the convenience of buying
what you want when you want it by simply "charging it."

But—if you let your charge account remain unpaid after the 10th of
the second month following the month of purchase, then the Govern-
ment regulations will apply to you—and you will not be permitted to
charge further regulated purchases to your account until the overdue
balance is paid.

At every military camp there is a
USO club house. These buildings are
divided into a reception hall, where
soldiers can have visitors; a library,
with a trained librarian to assist
in selecting books; a dining room,
where light refreshments can be ob-
tained. All the facilities are whole-
some, friendly and home-like.

This is what our \$400 will help to
pay for.

The appeal will be made in the
churches the first or second Sunday
in June. The public is asked to go
prepared to make a liberal contribu-
tion to the USO. School teachers and school of-
ficials are asked to explain the drive
through the pupils to the families in
the county.

Those not able to attend church
services on one of these Sundays are
requested to mail or give their con-
tribution to Senator Chas. T. Moses,
chairman, or B. G. Anderson, R. L.
Burke, D. A. Conner, C. W. Smith,

urer, or R. Q. Lawing, colored chair-

may continue to enjoy the conveniences of your charge account.**

Here are the answers to pertinent questions:

Q. Can I continue to charge on my
regular account while paying on in-
stallment credit?

Answer: Yes, but the charge account
has to be paid according to the new
regulations which are for full settle-
ment on or before the 10th day of
the second month following month
of purchase.

Q. Is there still an Installment Ac-
count which allows me a longer por-
tion of time in which to pay when
making new purchases?

Answer: Yes, indeed. If you wish to
open a regular Installment Account,
the new regulations require a down
payment of one-third and twelve
monthly payments of \$5.00 or more.
This, however, does not apply to
furniture and pianos, which require
a down payment of one-fifth and
twenty monthly payments of \$5.00 or
more.

Q. Can I charge any and all pur-
chases, regardless of the amount, as
in the past?

Answer: Certainly, if your account
permits it according to the new regu-
lations.

Q. Does this new regulation effect
my present installment account made
before May 6, 1942?

Answer: No, it does not. It only ef-
fects contracts made after May 6,
1942, unless a renewal or revision
is requested of a contract made
prior to May 6, 1942.

Launch Drive For USO; \$600 County Quota

Over 120 boys from Appomattox
County are now in active military
service. The United Service Organi-
zation drive, now in progress, has
set \$600.00 as the quota for Appomattox
County. This means that the
people of the county are being asked
to contribute approximately \$5 to
pay for recreation for each of
our county boys in service.

At a public meeting Monday night
at the court house, to plan the local
county drive, it was decided to make
an appeal through the 44 white and
colored churches in the county. The
money will be administered by the
USO, which is a consolidation of
such agencies as the YMCA, YWCA,
Salvation Army, Travelers Aid As-
sociation and other service groups,
already experienced in supplying the
social, recreational and religious
needs of large numbers of people.

At every military camp there is a
USO club house. These buildings are
divided into a reception hall, where
soldiers can have visitors; a library,
with a trained librarian to assist
in selecting books; a dining room,
where light refreshments can be ob-
tained. All the facilities are whole-

This is what our \$400 will help to

AN IDEAL 61 YEARS OLD

Sixty-one years ago last week the
people of America gave birth to an
old ideal. They formed the Amer-
ican Red Cross and decreed that
forevermore Mercy shall follow in
the footsteps of the Red Cross.

Today the American Red Cross
flag waves below the Stars and
Stripes wherever Americans fight
for the defense of their freedom.
That flag is carried by thousands
of Americans who have given their
lives in the line of duty. The spirit
of Mercy in the hearts of all
men. Today those Red Cross men
and women will be too busy on our
distant battlefronts to celebrate their
Red Cross birthday in customary
manner.

Yet, their celebrations will not be
lacking. Somewhere in the South
Pacetic a Red Cross nurse will ad-
minister the feverish brow of a gallant Amer-
ican soldier. She will work quietly,
sincerely in tending his every need.
Somewhere on the broad seas a
Red Cross worker, accompanied by
troops to distant scenes of action will
in entertaining the men, lift their
spirits, bring smiles to their lips.
Somewhere a destitute family,
made homeless by the fury of the
sudden disaster, will be visited by a
Red Cross representative, and the
sun will shine again because help
and Mercy will accompany that vis-
itor.

In an Army camp, a worried sol-
dier will seek word from his respec-
tively ill mother, and the Red Cross
will find a way to speed him home
to comfort her.

A life will be saved by the use
of blood plasma donated by the
through the Red Cross to the fight-
ing defenders of a way of life.

Yes, all this will happen today,
and all this will happen tomorrow.
But today it has a special meaning
in the hearts of true Americans and
the thousands who today will come
face to face with the Red Cross ideal.

That is all the celebration the
American Red Cross desires on its
sixty-first birthday.

Information On Sugar Rationing

Households which had excess al-
lots of sugar and were not issued
War Ration Books in the recent
rationing registration were advised
today by the Office of Price
Administration to police their own
use of sugar in accordance with the
designated consumer sugar allot-
ment.

At the present time, the OPA said,
no family or individual should con-
sume sugar at a greater rate than
a pound a person each two weeks,
which is the current consumer al-
lotment.

This rule applies to those who did
not receive War Ration Books be-
cause they possessed excess sug-
ars issued as well as those who
received War Ration Books.

No War Ration Books will be is-
sued to persons who registered ex-
cess amounts of sugar until a suf-
ficient number of ration permits have
expired during which the consumer
might have purchased an amount of
sugar equal to his excess.

The OPA has received reports that
some people who registered excess
amounts of sugar think they can ob-
tain War Ration Books as soon as
the excess is gone, regardless of the
length of time in which it was con-
sumed.

Families who do not restrict their
use of sugar to the prescribed al-
lotment will only be penalizing them-
selves since a time may come when
they have no sugar and will not be
permitted to purchase any.

The OPA also issued a warning
concerning lost War Ration Books.
In the event a book is lost, a person
may make application to his local
War Price and Rationing Board for
a new one, but it cannot be issued
to him until two months after the
date of his application.
